Copy of the following is forwarded to the Chief Secretary to the Government of Mysore, B a n g a l o r e, with the remark that no teak trees nor any trees of any size have been cut down and only a few small ones which were absolutely unavoidable had to be felled. It will be remembered that the Government of Mysore for some reason were not inclined to issue a Gazette Notification to cover just such cases of this kind though I urged both directly and through the Chief Commissioner that the same should be done.

C. B. Dy 30th Nov. 1923 that the issue of a notfn under Sec. 4 of the Land Acqn Regulation authorising the staff of the Nanjangud - Tellicherry Railway Survey to enter upon land in the Mysore District is not necessary, as a detailed survey of the proposed line in Mysore Territory has already been conducted under the orders of the Mysore Govt. It is not therefore clear why any actual Survey or interference with the ground should be allowed contrary to the above understanding. His Highness' Govt trust that in the circumstances you will kindly take steps to stop the felling of the trees by the Survey Party
